Summer Safeguards

It is the date of the head of every house hold to provide against the health-perils pesultar to summer. Prompiness in the treatment of these maladies would often trevent serious illness, perhaps death .- MUNYON.

Munyon's Homoepathic Home Remedies are the surest safeguards against disease. If they are not in the house they should be bought and kept on hand. In case of sudden development of the symptoms of any trouble the proper cure for that trouble should lamediately be obtained at the druggist's.

For indigestion and dyspepsia take Munyon's Dyspepsia Cure. For head-ache from heat, or caused by pervousness or prostration, take Munyon's Headache Cure—it will cure in three minutes. For billiousness, jaundice and liver troubles Munyon's Liver Cure affords quick and permanent relief. For disorders of the blood, and eruptions that are chiefly annoying in summer, take Munyon's Blood Cure. Munyon's Pheumatism Cure is felt usually in one to three hours and in a few days cures entirely.

Munyon's Pile Ointment speedily and positively cures all forms of piles and is especially efficacious in alleviating the pain intensified during hot weather. If you are subject to colics, cramps and diarrhoea always be fortified with Munyon's D. D. and C. cure. Munyon's Constipation Cure has relieved thousands of the most obstinate cases where everything else has failed.

AGED WOMAN RESCUED BY PATROLMAN CASHELS.

Mrs. Susan Urich, 84 Years Old, Carrted From Attle of a Burning Building.

Hemmed in by flames, Mrs. Susan Urich, \$4 years old, probably would have been ned to death in an attio at No. 816 South Third street last evening had not Policeman Frank P. Cashels rushed to her rescue.

The flames had just reached the old woman, who was crouching in a corner, the exit being cut off by fire, when the policeman climbed the stairs leading to the atte and burst into the room. Mrs. Urich's face was scorched by the flames as Cashels carried her to a place of safety just before the Rochelle and Southern and Groves

George H. Schneider of No. 1303 South Seventh street, on his way home from work, saw the flames burst through the roof. He

occupied the attic.

Mrs. Urich's daughter, who lived on the ground floor of the adjoining building, was first to notice that her mother was not out of the building is which the flames were raging. 'Save my mother! Save my mother! save my mother! save my mother! save my mother of! 'she shouted to Policeman Cushels, as he ran up to the building.

Learning that Mrs. Urleh was in the attic, Cashels dashed up the stairway. The smoke was stiffing, the hest intense. His hair and eyebrows were singed as he climbed the last flight of stairs and burst into the room where Mrs. Urlch, nearly suffoceted, had faller into a cornet.

STRIKES AND THE TRUSTS VIEWED BY A SPIRITUALIST.

Arbitration is the Only Solution of Troublesome Question, the Reverend Thomas Grimshaw Says.

The Government in its Relations to nion Labor and the Trusts," was the text a discourse by the Reverend Thomas rimshaw at the Temple of Spiritualism Grimshaw at the Temple of Spiritualism lisst hight.

Doctor Grimshaw strengly advocated the appointment of a court, or commission, to have jurisdiction on all labor trouble questions. This court or commission to be elected by the people and to have final and arbitrary powers on labor questions. Either side befusing to obey the rulings of this court to be dealt with as the courts of criminal correction deal with persons who insist on settling their differences by physical force.

Mr. Grimshaw said in part:

ical force.

Mr. Grimshaw said in par/:

"The only solution of the trust and labor question will come from the people themselves. They will become the trust. The Government will eventually control the public utilities. We insist that this will be the natural and rational outcome of the question and an evidence of the progressive spirit of to-day.

"The labor union is as much a natural

spirit of to-day.

The labor union is as much a natural evolution as a trust. Laboring men of the United States are working under the free contract system. There will never be free labor until man can exist free and independent of his employer. Labor unions have become a power in the lands, and they have as much right to exist as a corporation.

he only solution is the birth of a law that will compel the warring factions to submit their differences to arbitration. Men have the right to do right, but they have not the right to de wrong."

SOUTHWESTERN LINES AGAIN REVISE MAPS.

Rapid Progress of Railroad Construction by All Companies Necessitates Frequent Changes.

GROWTH OF GREAT SYSTEMS.

Missouri Railroad Commissioners Will Hear Reconsignment Protest in St. Louis To-Day-New Frisco Construction.

The ratirond systems having headquarters St. Louis are all preparing new mans for the coming year. These maps will show he almost daily changes and announce ents of new lines purchased, leased or procowed for construction which have been made public within the past year. And when the mapmakers finish their work many surprises are expected. These maps will tell a wonderful story of development. The Missouri Pacific system map will show all lines under Gould control. This system has grown so fast and reaches out in so many directions that it is most difficult to recure a small map which will show clear-

ly the points reached.

The Prisco system map will show a more comprehensive system than the map of last year. Almost every week for a year the Frisco has announced the purchase of some road, and all these lines will be shown. In connection, the Frisco map will show some traffic relations which the officials are not ready to announce.

connection, the Frisco map will show some traffic relations which the officials are not ready to announce.

The Bock Island will show a St. Louis-Chicago and a St. Louis-Kansas City line, lesides the proposed connections South with the Choctaw. A new map has been issued, but this will be revised and a new one issued, more comprehensively covering the Bock Island territory.

The Katy is building many new lines in the Southwest, and these and several propositions for the future will be shown. The Katy now adds a "system" to its name, and show some new relations now forming.

The lines which will show the greatest changes and extensions will be those in the Southwest. The Western, Northern, Southeastern and Eastern lines will also show many changes in their new maps.

The following is a sample of the drilly resports reserved from the Southwest, and shows why it is so often necessary to change maps in that section: From Strawn, Tex., it is announced that a Texas and Pacific engineering corps, in charge of J. C. Reech, is locating an extension of railway main line of the Texas and Facific to Mount Mr. iton, a new cont-mile suburb of Strawn, where Baltimore capitalists are developing extensive colleries.

As the fire engines dashed up to the scene Cashels, nearly overcome by the smake, staggered from the burning building with the aged woman in his arms. Water was dashed into the faces of Mrs. Urich and her rescuer and they were quickly revived. Mrs. Urich's daughter declined to permit her mother to be taken to the City Hospital. Cashels was able to resume his beat.

The damage to the building is estimated at \$60, to the furniture \$100.

New York, Oct. 2.-The report from Salt Laife City that harmony has been established between the Harriman and Clark railroad interests in Utah and Nevada is corroborated by a New York representative of the Harriman interests. There will be a traffic agreement between the Union Pacific-Southern Pacific lines and Senator W. A. Clark's San Pedro, Los Angeles and Salt Lake Railroad, together with a division of territory.

When Senator Clark began the construc-tion of his road he met with aggressive op-position from Mr. Harriman because the new road was planned to parallel a section of the Central Pacific line. Litigation fol-lowed, and the Clark interests established the right to build their road on the route planned. During Mr. Harriman's visit to the Pacific Coast last apring he investi-gated the situation, and through his per-sonal efforts the foundation for an amicable agreement was laid. agreement was laid.

Denver, Cejo., Oct. 2.—A special from Meeker Colo., says:

'The wounding of State Game Commissioner Harris has greatly excited the settlers in the vicinity of Rangely, where the shooting occurred. A special messenger, who rode into Meeker from that place to-day reports that about 400 Utes have been in the vicinity of Rangely for some days slaughtering game. He says that, since the fight with Harris, the bucks have sent their squaws and papouses back to the reservation, which is taken to mean that they in-

tend to fight. Many settlers, feeling cer-tain that there will be trouble, have sent their families to Meeker."

LARGE LAND DEAL IN BONHOMME ROAD PROPERTY. Small Town to Be Started West of the

City Limits by Development

Company. A deed transferring \$4.81 acres of property in the Clemens extension of the Olive Street addition was filed in the Recorder's office in Clayton yesterday. John F. Lee is named as the grantor in the deed and Augustus

P. Conkley the grantee. The consideration Witter \$109,630. The Olive Street addition, or that part of it transferred yesterday, is located on the north side of the Benhomme road, which is a continuation of Deimar avenue, about 300 yards west of Deimar Garden. It is one of the highest points in St. Louis County.
Immediately after the trust deed transferring the property was filed a deed of trust was placed on the land for \$25,000 by Mr. Coakley to the Development and Investment Company. Two mortgages were executed, one payable in three and the other in five years.

It is said to be the intention of the Development and Investment Company to erect a large mail-order establishment on the property, which will give employment to a great many people.

In addition, residences will be erected for the men who are employed there, and seven a continuation of Delmar avenue, about 300

the men who are employed there, and several other industries started. One of them will be the establishment of a bank, which the promoters argue will be profitable on account of its contiguity to the World's Fair site. Work on the buildings will be Fair site. Work on the buildings will be begun at once.

Another large realty deal in St. Louis County yesterday was the sale of \$22 acres of property in Edgewood on the Natural Bridge road, just west of the city limits, by Kate E. Shaughnessy to the Henderson Realty Company for \$2,000. The property in a part of the oid Jeft Clark farm.
